

## Airbag Protection Cover Secunet III

100204

Airbag protection cover for application in cars, vans, buses and trucks: One size fits all. To neutralize the impact of an accidental airbag explosion after a road traffic collision.

### Quick and easy to install:

- Within seconds
- Simply put cover on steering wheel and tighten by evenly pulling the straps

### Also covers part of the steering column:

- Minimizes escape of gas and parts

### Aramid reinforced fabric:

- Strong but flexible (for easy installation)

### One size fits all:

- Suitable for use on the steering wheels of cars, vans, buses and trucks (Ø 35-51 cm / 14-20 inch)
- Saves time: no need to choose the right size first
