

## Folding Bed, aluminum

3008642

The folding bed is made of aluminum construction, which makes it easy to transport and use.

The aluminum bed can be folded to smaller dimensions, which takes up less space during carrying and storage. The bed is delivered with a transport bag. The folding bed is ideal for camping, and can also be used for emergency situations - civil protection, military service...

We can offer 2 different dimensions of folding beds:

### Dimension 1:

- Dimensions: 190x62x44 (LxWxH)
- In the bag: approximately 93 x 20 x 11 cm
- Weight: approx: 5.1 kg
- Load capacity: up to 100 kg

### Dimension 2:

- Dimensions: 210x80x45 (LxWxH)
- Weight: approx. 8 kg
- Load capacity: up to 100 kg

### Characteristics:

- Aluminum construction, easy to assemble
- Thickness of aluminum legs approx .: 25x25 mm and 25x35 mm
- Aluminum legs are crossed, which increases the stability of the bed
- The bearing material is made of polyester fabric that is resistant to tearing and various weather conditions
- A bed transport bag included
- Color: green

Note: When submitting your inquiry, please indicate which bed dimensions you are interested in to check the availability of a particular bed size when making an offer.
