

Battery PBPA287

151.000.583

Contains extra powerful and large cells

- As these cells heat up less quickly, you can keep working with your tool while continuously using the maximum battery power.

Realtime feedback on battery temperature and state of charge

- Direct feedback, no need to press a button first.

Suitable for on-tool battery charging

- Charge the battery while it remains on the tool. Simply connect your tool to the charger . The battery on the tool has priority over the one on the charger.

Waterproof

- Suitable for under water use.

Safe

- Although the battery contains an integrated on/off switch for the tool, there isn't any voltage on the contacts until it registers a connection with the tool. So you can put it in a puddle of water without any consequences!

Technical specifications

Details	
Articlenumber	151.000.583
Basic specifications	
model	PBPA287
Performance	
capacity	7 Ah
energy	176 Wh
minimum battery life	500 cycles
charging time	60 min.

protection rate	IP67	
General specifications		
voltage	28 VDC	
battery type	Li-Ion	
Dimensions, weight and temperature		
weight, ready for use	1.5 kg	3.3 lb
dimensions (AxBxC)	188 x 107 x 110 mm	7.4 x 4.2 x 4.3 in
