

Blackburn occupational boots

1010384

Blackburn occupational boots provide protection and comfort for your feet in the workplace. The materials they are made of and the way they are designed allow you to step safely and comfortably at all times.

Blackburn boots are a model without a composite protective cap and without a Kevlar midsole. They can be used for activities in which there is no risk of serious foot injuries, and in which there is no greater exposure to mechanical risks. Ankle boots provide protection and comfort to your feet and ankles during long hours of work.
