

Carrier for three Pronouns

1010799

Carrier / holder for two pronouns (medals) that is placed on the pocket of the ceremonial fire jacket.

The installation of the carrier for pronouns (rails) is done by first placing fire medals on it and then piercing the pocket of the ceremonial fire jacket with the needles on the back of the holder. Secure the jacket pocket holder with the small buckles provided on the bracket.

The carrier is used to carry various types of recognitions, fire medals and other awards. It is used at firefighting celebrations such as assemblies and anniversaries, to highlight the firefighter recognitions that firefighters have collected over the years through their hard and dedicated work. In our offer you can find carriers for:

- 2 pronouns
- 3 pronouns
- 5 pronouns
