

## Collecting Breeching A/2B

1033052

The Collecting Breechings are designed to supply water from two separate feed hoses of the same size into one larger drainage hose. It is equipped with a non-return valve that serves to break one supply line in case of pressure drop.

Contains one Ø 110 (A) coupling on one side and two Ø 75 (B) couplings on the other.

### Technical specifications

**Material:**

- Aluminium alloy AK 11 (AISI 11), brass MO 58, gasket rubber.

Technical characteristics	
Article symbol	ZB 75-75/110
Work pressure	16 bar
Grip ability	20 bar
Weight	approx. 4 kg
Color	Red
