

## Equipment Stand with pictures and numbers

1015065

A stand for placing equipment with pictures and numbers is used in firefighting youth competitions and is a part of the equipment that is used up for the obstacle exercise.

Competitors in this exercise come to a stand to place the equipment, and place a device that matches the picture below their number. 8 pieces of firefighting equipment must be placed on a wooden mat measuring 200x50x3 cm:

- Three-part divider B / B-2C - 1 pc.
- "C" pipe double wound and tied with a pipe holder - 1 pc.
- "C" nozzle with handle - 1 pc.
- Bus A / 2B - 1 pc.
- Suction basket "A" - 1 pc.
- Pipe holder - 1 pc.
- Pipe holder - 1 pc.
- Coupling wrench ABC (double sided) - 1 pc.

### Characteristics of the equipment installation stand:

- Height: 150 cm
- Length 200 cm
- Shelf height: 100 cm from the ground
- Material: iron
- Color: red
