

Fire Extinguisher Box / Cabinet Adamant 6/9 kg

3005376

External dimensions (mm): 675x310x250

Inner Dimensions (mm): 612x229x150

Weight (kg): 4.0

Inner holder diameter (mm): 170/190

Quantity per pallet (n °): 54

Pallet dimensions (cm): 143x99x266

Pallet Weight (kg): 255

Components:

- Label
- Check box made of polycarbonate
- PVC appliance holder with rubber fuse
- Double closures
- EPDM rubber inner gasket

TÜV RHEINLAND Certificates and Certificates (4/2010):

- Ignition resistance: Flame speed (Renault D451333)
- Weatherproof: for dust and water (DIN 40050-9) IP59K
- Resistance to hydrocarbonates and lubricating oils (ECE R3)
- Aging resistance: Accelerated UV test UV test (ISO 4892-2)
- Compaction resistance: 1200 kg according to different temperatures

TÜV RHEINLAND side protection (according to EU Directive 89/297 / EEC and ECE Reg. N. 73)

Technical specifications

Technical characteristics:

- Material: polypropylene, nylon and polycarbonate

- Design: injection molding
