

Fire extinguisher P2E, Computer Edition

1001042

COMPUTER edition consists of small portable fire extinguishers under constant pressure with a charge of 2 and 3 kg (so -called Clean Agent) hexafluoropropane(HFC-236fa), as a replacement agent for Halon 1211. Apart from being environmentally friendly (ODP zero) and effective, this agent is non-toxic, electrically neutral and clean - it does not leave traces after extinguishing.

i COMPUTER edition fire extinguishes are primarily intended for extinguishing initial fires involving computer equipment . According to specific customer requests, portable fire extinguishers from COMPUTER edition can be ordered as a luxurious model - with chromium plated container.

Technical specifications

Device type	portable with stored pressure
Type of extinguishing agent	gas Fe-36
Fire class	Electronic equipment
Edition	Special Edition
Extinguishing electrical equipment under voltage	up to 1000V
Extinguishing media quantity	2 kg
Workshop	Nitrogen (N2) - 14 bar / 20°C
Temperature range	-30°C do +60°C
Device mass	3,7 kg
EN3 efficiency	not applicable
Efficiency according to Croatian rulebook	not applicable
Dimensions (diameter/height mm)	110 / 355
Standard	not applicable
Directives	PED 2014/68/EU
