

## Firefighter gloves Mercedes

2003212

Mercedes safety fire gloves are ideal for use in extinguishing structural fires (indoors), as well as for rescue and technical assistance. They provide protection from thermal influences while you are close to the flame, high mechanical abrasion resistance, anatomically shaped, with additional Aramid reinforcement that absorbs mechanical shocks.

- Anatomical glove cut
- Reflective elements, high-visible Nomex®
- Snap hook for hanging gloves on Firefighter suit
- Tightening strap with velcro fastening
