

## First Aid Bag with First Aid Equipment

3011087

This First Aid bag is a high capacity holdall with a carefully designed interior that allows for first aid equipment to be stored in a logical and organised fashion. Built from durable fabric and strengthened by webbing straps that loop the entire bag to form impressively strong carry handles. Even when packed full of first-aid materials, this tough kit bag will not fail you.

Featuring large external pockets on either end and padded removable dividers for customising the main compartment, this bag is perfectly suited for those that need to arrange materials of a multitude of shapes and sizes in a secure and organised way, vastly reducing the time and effort required to locate important items in time pressured environments.

Includes removable shoulder strap and long zip pull tabs making opening a breeze, even with gloved hands. The first aid bag, thanks to its design and high capacity, can contain all the necessary materials for the application of first aid in different places and situations such as: fire interventions, schools, sports clubs or excursions.
