

First Aid Kit, for First Aid Cabinet

3003011

According to the Occupational Safety and Health Act (OG 71/14, 118/14, 154/14) and the applicable ordinances of the Republic of Croatia and EU directives (PPE 89/686 / EEC, MDD 93/42 / EEC), it is mandatory to have an adequate amount of sanitary material in the first aid kit, and in case of need for first aid due to an injury at work. You can use this filling in an empty metal first aid kit, an empty plastic first aid kit, or in a first aid kit.

A first aid kit is a set of products used to provide first aid in the workplace and in other situations. The kit is delivered separately (without cabinet) and is used as contents for a new first aid kit, or a refund for products that have been used up or have expired.
