

Flashlight holder UK 4AA, for Firefighter helmet PAB Fire 05

1006370

Flashlight holder for fire helmet PAB Fire 05, ideal for Nightstick flashlight XPP-5418GX.

The flashlight holder mounts quickly and easily to the helmet and your flashlight is ready to use. The flashlight holder extends the capabilities of your PAB Fire 05 helmet when fitting a flashlight. Your job is faster and more efficient when you are able to use both hands and by fitting an optional flashlight to the helmet the light beam follows your line of vision.

- Color: black
- Material: Thermoplastic
