

## Nozzle G-Force 2.5"

100092

Fixed Pressure and Selectable Flow Optimal straight stream and fog pattern performance are achieved at five rated flows and single rated pressure. Stainless steel spinning fog teeth.

Type: GH3N2S.

### Technical specifications

- Pistol Grip: No
- Flow Rate: 110/230/360/470/570 l/min
- Body Size: 2,5"
- Type: Selectable
- Fog Teeth: Spinning
- Remote Control: No
- Weight: 6,5 kg
- Bumper Material: Rubber - bonded
- Inlet Connection Type: BSP Female
