Compact dimensions, folding handles and transport wheels ensure high mobility and make the Endress series of power generators excellent EcoPower power sources for autonomous work, whether private or commercial.

The extra large fuel tank provides up to 12 hours of continuous operation, which means you can focus on your duties without worrying about refueling. Built-in automatic shutdown in case of low oil level and overload prevents breakdowns and ensures a long working life of your device.

### Main advantages:

- Safety checked
- Grade V
- Automatic shutdown in case of low oil level and overload
- Large container

### Technical specifications

Generator type	synchronous
Max. power 3~ [kVA/kW]	6.9 / 5.5
Max. power 1~ [kVA/kW]	3.6 / 3.6
Permanent load power 3~ [kVA/kW]	6.3 / 5.0
Permanent load power 1~ [kVA/kW]	3.3 / 3.3
Rated voltage [V]	400/230
Type of engine / driver	1-cylinder 4-stroke OHV
Boot method	manual
Fuel / tank volume (litres)	Gasoline / 30
Consumption/working hours at 75% load [h]	12
Noise level LWA [db(A)]	97
Weight approx. [kg]	90
Dimensions L x W x H [mm]	786 x 570 x 600
Sockets	1 x 230 V/16 A 1 x CEE 400 V/16 A
