

## Rechargeable Lantern Nightstick XPR-5582RX

1006344

The INTEGRITAS™ XPR-5582RX Intrinsically Safe Rechargeable Lantern is Nightstick's most powerful handheld light. The INTEGRITAS generates an ultra-bright 1750 lumens from four separate LEDs housed in a 180-degree articulating head.

The results are a tightly collimated beam that cuts through thick smoke and illuminates objects up to a third of a mile (552m) away! Holding down the switch enables a battery-saving 600-lumen low mode, extending runtime to 11.5 hours when firefighters need bright, useful light for longer calls.

Designed and engineered as both a hand-held lantern and portable area light, the 5582 features a rear-mounted rubber base pad for upright use on any flat surface, providing instant, adjustable scene lighting on demand.

Constructed of thick-walled glass-filled nylon and weighing only 2 lbs. 11oz., the 5582 is built to take abuse without dishing it out. The wide, flat body and handle design provide firefighters a stable platform while crawling under smoke or following a hose line. Two bright green rear-facing LEDs provide passive team member location for increased safety and awareness.

The 5582 is a cETLus-certified Class I DIV 2 and meets the requirements of NFPA-1971-8.6 (2013). It's powered by an integrated rechargeable lithium-ion battery and comes with a charger base, AC charger, and a direct-wire DC charger as well as a carry strap.

- LED technology
- cETLus listed Intrinsically Safe
- Adjustable tilting head
- 1,750 Lumens for 5 hours
- High/Low beam functionality
- Rear green LED lights
- Low battery indicator
- Locking snap-in charger
- Removable shoulder strap
- IP-67 Dustproof / Waterproof
- Integrated rechargeable lithium-ion battery
- Meets requirements of NFPA-1971-8.6 (2013)
- Charger meets the requirements of NFPA-1901-14.1.10.2 (2016)
- Serialized for personal identification
- Limited Lifetime Warranty

## Technical specifications

- Multi-Function: Yes
- Flashlight Lumens: 1,750 / 600
- Beam Distance: 552 m / 325 m
- Candela: 81,250 / 27,083
- Drop Rating: 2 m
- Dust/Water Rating: ANSI IP-67 Dustproof / Waterproof
- Flashlight Runtime: 5 hrs
- Charge Time: 8 hrs
- Switch Function: High / Low
- Length: 7.54 in (19.2 cm)
- Width: 4.26 in (10.8 cm)
- Depth: 5.83 in (14.8 cm)
- Weight: 2 lbs 11 oz. (1,219 g)
- Light Source: LED
- Case Material: Glass-filled nylon polymer
- Body Color: Red
- Power Source: Integrated rechargeable lithium-ion battery
- Package Contents: Light, Charging Base, AC Power Supply, DC Direct-Wire Charger and Shoulder Strap
- Warranty: Limited Lifetime
