

Reflective Power Cable with Wind-Up Reel RFX 230 V/400 V, 50 m

100366

The reflective cable is coated with a transparent PUR material, which makes it easy to clean and the reflective performance is retained even in harsh environments. The cable is oil resistant and meets all requirements of mechanical strength and abrasion resistance.

The cable reel consists of an extremely stable frame with a double tube with a diameter of 22 mm and a spool that allows quick and easy winding of the cable. The length of the cable is 50 meters.

Technical specifications

- Neon yellow, reflective cable for better visibility
- High level of comfort thanks to ergonomic handles and perfectly balanced frame
- Unique cable routing prevents cable entanglement
- The special frame design prevents the cable from sliding behind the drum
- Drum brake inside
- Pressed tubular shaft for better sliding properties

Input:	1 x Schuko IP68 connector
Output:	4 x Schuko IP68 connector
Dimensions W x H x L:	350 x 430 x 295 mm
Standard:	DIN 14680, EN 61316
Connection:	Schuko
Cable length:	50 m
Head:	LiYF11Y-3G2.5
